Myrriame Dosso
Full Stack Developer

I am an enthusiastic developer that is dedicated to perfecting my craft by learning from experienced developers and looking forward to an opportunity that allows me to use my problem solving skills in this constantly evolving field.

Web Projects

Weather App   Repo Link
JavaScript, CSS3, HTML5, AJAX, Repo Leader
- Constructed a weather app using the Open Weather Map API to pull in weather data based on the city typed in and added some background effects based on the weather

Cocktails and Quotes   Repo Link
JavaScript, CSS3, HTML5, AJAX, Repo Leader
- Constructed a responsive site using the Cocktail DB API and Ron Swanson Quotes API
- The website pulls in drink names, pictures and drink ingredients based on the search and also generates a random quote once the quote card is clicked

To-Do List   Repo Link
JavaScript, CSS3, HTML5, Local Storage, Solo Project
- Constructed a todo list app that lets the user type in all their tasks and saves them using local storage until they complete the task, then they can either delete it or strike through it

Educational History

Digital Crafts Bootcamp, Atlanta, GA Online
Jan 2021- Present
- Created 2+ projects a week while learning a full stack curriculum
- Lead teams in responsive frontend and backend web development projects
- Used outside resources that helped in-class learning

Georgia Southern University, Bachelor of Science
2013 - 2018

Skills Summary
